What the Local Association Is Doing For the City's Young Men.

The gymnasium and baths will be for the exclusive use of the Juniors on Wednesday and Saturday afternoons at the usual hours.

At the meeting of the Religious Work Committee last Tuesday evening, it was dicided to dismiss next Sunday afternoon's Rally in honor of Decoration Day. The members will be earnestly requested to attend the exercises under the auspices of the G. A. R., to be held at 3 o'clock Sunday afternoon, as those exer clses will aid the young men in realizing and obtaining true patriotism, and thus lead to better citizenship.

Boys, you missed something good when you failed to hear Rev. U. W. Darlington speak at the Men's Rally Sunday p. m. His theme, "We Can," suggesting the possibilities of Christian service. Unless Mack's shown-no change touched the heart of every hearer, and was one of the most helpful of the helpful talks we have had. Miss Grace Johnson's piano solo and hymn accompaniments were heartily enjoyed. Mr. R. A. Cochran made an excellent leader.

Considerable change has been made in the plan of the weekly Men's Rally The hour for meeting has been changed from 3 to 4 o'clock to last through the summer months. A New Gunboat to Be Put Into Commission.

The Marietta, on Her Trial Trip, Made 12. 8 Knots Per Hour.

Whitelaw Reid Pays a Hurried Visit to the Capitol-Bill for Taxing Certain Occupations Introduced in the House -Representation at the Jublice.

Washington, May 28.-The navy department has given orders that the new gunboat Helena be put in commission on tde 15th of next month at New York instead of the gunboas Annapolis, that is, if there shall be only enough men for one crew, the Helena will take them. The boat is to be employed in the patrol of the Florida lighter draft.

A telegram received at the navy department from the builders of the gunboat Marietta, which has been engaged in making her first trial trips off the California coast, states that the ship made 12.8 knots per hour for four hours Wednesday. She was required to make not less than 12 knots. There

is no provisions for premium for speed. Hon. Whitelaw Reid paid a hurried visit to the capitol Thursday, arriving here Thursday morning and taking his departure Thursday afternoon. During the day he called at the white house and had lunch with the president. Mr. Reid's visit was for the purpose of talking over with Mr. McKinley the proffer made to him Wednesday of accepting the honor of special ambassador of the United States at the queen's jubilee. Before leaving for New York he accepted the mission and will represent the United States on that occasion.

Representative Wheeler, of Kentucky, introduced a bill in the house Thursday for taxing certain occupations. The taxes proposed are based on the amount of capital invested. Companies engaged in petroleum business in any form are to be taxed from \$500 on \$100,000 to \$25,000 on \$5,000,000. Other branches of business to be taxed are iron and steel railways and street railways, banks, stock exchanges and glass, wool, silk, paper, leather and sugar manufacturers.

The president has still under consideration the question of representation of the United States at the queen's jubilee next month. He has already provided for the representation of the army by Maj. Gen. Miles, and of the navy by Adm. Miller, and the question that remains to be settled is whether or not a special civilian ambassador shall be appointed in addition or whether Ambassador Hay with the aid of a set of special credentials shall be allowed to act for his government. The precedents of the department and the inclination of the officials are in favor of the latter course, but it ap-Mr. Henry Fabra, for several years first year has been a very successful one, pears that most of the great powers of the world will send special ambassadors to do extraordinary honor to her majesty, so that it may be that rather than stand apart in this matter and appear to be lacking in consideration the president will conform to the general rule. > Washington, May 28.-Representative Lewis (dem., Wash.) endeavored to bring the Cuban question before the house Thursday as a privileged question on the ground that it concerned our foreign relations. He offered a resolution declaring it to be the sense of congress that the belligerency of the Cuban insurgents should be recognized. Speaker Reed declared it out of order and on appeal the house, by 31 to 57, sustained the speaker. The house then adjourned until Monday.

Havemeyer Set Free, WASHINGTON, May 28.-There was a notable falling off in the attendance in Judge Bradley's courtroom the third lay of the trial of Henry O. The first opinion held that the law under which state taxes on distilled spirits in bond was being assessed by a state board of valuation and paid direct to the auditor was unconstitutional, and that such taxes should be collected by sheriffs, as other state taxes are.

The present opinion upholds the constitutionality of the act and reinstates the system by which the value of spirits is assessed by the state board, and the taxes are paid to the auditor.
